
SEDGEFIELD TOWN COUNCIL

REPORT 2020/21 Statement of Internal Control and Annual Review of Effectiveness of Internal Control

Committee Special Town Council Meeting
Monday 26th April 2021

Author Finance Working Group

Scope of Responsibility:

The Accounts and Audit Regulations 2015 impose a duty on a local council to ensure “that the financial management of the body is adequate and effective and that the body has a sound system of internal control”. Regulation 6 of the Regulations requires the authority to conduct each financial year a review of the effectiveness of the system of internal control. The review needs to inform the authority’s preparation of its annual governance statement.

Sedgefield Town Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.

The Council is responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council’s functions and which includes arrangements for the management of risk.

The Purpose of The System of Internal Control:

The system of internal control is designed to manage risk at a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Council’s policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The Internal Control Environment:

The Council:

Sedgefield Town Council approves its budget and precept request every January following consideration of recommendations presented by its Finance Working Group which meets on a monthly basis to scrutinise all the Council’s financial matters. The Council’s Policy and Resources Committee meetings monthly, with the exception of August, and monitors the Council’s actual progress against its income and expenditure budget as well as its accounts

for approval etc (see Payment Controls and Budgetary Control detailed in the Statement of Internal Controls below). Planning matters are considered by Full Council each month. The Council also carries out regular views of its internal controls, systems and procedures as detailed in the Statement of Internal Controls below). During the exceptional circumstances of 2020/21 due to the coronavirus pandemic all Town Council meetings have taken place virtually via Microsoft Teams.

Clerk/Responsible Financial Officer:

The Council has appointed a Clerk to the Council who acts as the Council’s advisor and administrator. The Clerk is the Council’s Responsible Financial Officer and is responsible for administering the Council’s finances.
