The scheme is intended to encourage local people to take an interest in the work of the Town Council and its role within the community. In accordance with the provisions of the Freedom of Information Act 2000, this Scheme specifies the classes of information which the Town Council publishes or intends to publish. It is supplemented with an Information Guide which will give greater detail of what the Town Council will make available and hopefully make it easier for people to access it.
- 10.2 All formal meetings of the Town Council are subject to statutory notice being given on notice boards and the website. The Town Council publishes an annual programme in January each year. All formal meetings are open to the public and press and reports to those meetings and relevant background papers are available for the public to see. The Town Council welcomes public participation and has a public participation session on each Council meeting. Details can be seen in the Council's Standing Orders, which are available on its website.
- 10.3 Occasionally, the Town Council may need to consider matters in private. Examples of this are matters involving personal details of staff, or a particular member of the public, or where details of commercial/contractual sensitivity are to be discussed. This will only happen after a formal resolution has been passed to exclude the press and public and reasons for the decision are stated. Minutes from all formal meetings, including the confidential parts are public documents.
- 10.4 The Openness of Local Government Bodies Regulations 2014 requires written records to be made of certain decisions taken by officers under delegated powers. These are not routine operational and administrative decisions such as giving instructions to the workforce or paying an invoice approved by the Town Council, but would include urgent action taken after consultation with the Chairman, such as responding to a planning

application in advance of Council. In other words, decisions which would have been made by Council had the delegation not been in place.

- 10.5 The 2014 Regulations also amend the Public Bodies (Admission to Meetings) Act 1960 to allow the public or press to film, photograph or make an audio recording of Town Council meetings normally open to the public. The Council will where possible facilitate such recording unless it is being disruptive. It will also take steps to ensure that children, the vulnerable and members of the public who object to being filmed are protected without undermining the broader purpose of the meeting.
- 10.6 The Town Council will be pleased to make special arrangements on request for persons who do not have English as their first language or those with hearing or sight difficulties.

This sets out the key principles for local authorities in creating greater transparency through the publication of public data and is intended to help them meet obligations of the legislative framework concerning information.
- 12.2 “Public data” means the objective, factual data on which policy decisions are based and on which public services are assessed, or which is collected or generated in the course of public service delivery.
- 12.3 The Code will therefore underpin the Town Council’s decisions on the release of public data and ensure it is proactive in pursuing higher standards and responding to best practice as it develops.

Demand led: new technologies and publication of data should support transparency and accountability
Open: the provision of public data will be integral to the Council’s engagement with residents so that it drives accountability to them.
Timely: data will be published as soon as possible following production.
